Why not let your loved one spend an afternoon socializing, playing and interacting with our staff and our other "four legged" friends! Doggie Daycare offers such activities and here at Creekside Pet Care Center we offer a special price while your dog is in our facility.

PLEASE CHOOSE ONLY ONE BOARDING PACKAGE PER STAY.

Baths must be scheduled with the grooming department at an additional cost.

Run sizes are based solely on the size of the dog, not on the price of the boarding package you purchase. We do not guarantee large runs. The largest dogs in the facility at any given time will have priority.

Kitty condo size and window availability cannot be guaranteed. We will provide the largest space available based on total occupancy.

All pets from the same family can be housed together during the day, as well as, walk and play together. However, at night each dog is put to bed in his/her own "bedroom" for their safety. If this is not acceptable, please ask to sign the individual housing waiver.
